Kandidat/in: Arbeitnehmervertretung Pensionskasse SR Technics Switzerland

Timo Haack

Financial Advisor & Lawyer / FS Tax / Senior Manager VAT

With SR Technics since 2021

At SR Technics, I am responsible for our global VAT matters and advise the Tax department on other tax-related issues. Alongside my role at SRT, I work as an independent financial advisor, supporting employees and self-employed individuals with questions relating to financial and retirement planning.

Through numerous advisory sessions, I have seen how many questions and uncertainties surround occupational pensions. I believe everyone should understand their pension benefits and know their individual entitlements and options.

As a member of the Pension Fund Board, I would like to contribute my experience to making occupational pensions more transparent and understandable, while representing your interests with common sense. Your benefit: I bring my expertise directly to the table – and put it to work for us where it matters most.

I find my balance in the mountains with family and friends – whether on foot or motorized. And I rarely say no to an after-work beer or a glass of wine.

Stiftungsrats-Ersatzwahl 2026
Verbleibende Amtsperiode 2025-2028
