1. The members' risk and administrative contribution is determined as a percentage of the contributable salary, taking into account their age (difference between the current calendar year and the year of birth) and the selected plan:

Age	Risk and administrative contribution plan		
	Standard	Comfort	Super
18 – 24 years	0.25%	-	-
25 – 70 years	0.25%	0.40%	0.55%

If the Pension Fund's financial situation allows and the financing of the risks of death and disability are still guaranteed, the Board of Trustees may decide at the end of the respective year that the member's risk and administrative contribution will be fully or partially credited to the retirement assets of the members insured as at 31 December of the respective year.

2. The members' savings contribution is determined as a percentage of the contributable salary, taking into account their age (difference between the current calendar year and the year of birth) and the selected plan:

Age	Savings contribution plan		
	Standard	Comfort	Super
18 – 24 years	0.0%	0.0%	0.0%
25 – 70 years	6.5%	8.5%	10.5%

The employers deduct the employees' contributions from their salaries for the account of the Pension Fund.
