The pension fund is an important part of our financial future and retirement security. For this reason, I would like to contribute as a member of the Foundation Board to ensure that the interests of the insured members are represented in a transparent, responsible, and sustainable manner. Through my many years of experience in various roles at SR Technics, I have gained a strong understanding of the challenges and needs of our colleagues. I would like to use this experience to actively represent the interests of the insured members and help shape the future of our pension fund.

Foundation Board By-Election 2026
Remaining Term of Office: 2025–2028
